

Cable entry plate quadro 900x600 mm

Product Datasheet

A	L : L _	
Arc	nite	cture

Material Stee Type of surface treatment powder-coate Dimensions Depth of installed product 600 mm Height of installed product 18 mm Width of installed product 900 mm Accessories included Type of accessory Protection cove Equipment Pre-stamping nm Number of connector holes Standards European directive WEEE not concerned Safety	Gland-plate_type	Straight
Material Stee Type of surface treatment powder-coate Dimensions Depth of installed product 600 mm Height of installed product 18 mm Width of installed product 900 mm Accessories included Type of accessory Protection cove Equipment Pre-stamping nm Number of connector holes Standards European directive WEEE not concerned Safety	Materials	
Type of surface treatment powder-coated Dimensions Depth of installed product 600 mm Height of installed product 900 mm Width of installed product 900 mm Accessories included Type of accessory Protection cove Equipment Pre-stamping no Number of connector holes Standards European directive WEEE not concerned Safety	RAL colour	RAL 9010 - Pure white
Dimensions Depth of installed product 600 mm Height of installed product 18 mm Width of installed product 900 mm Accessories included Type of accessory Protection cover Equipment Pre-stamping no Number of connector holes Standards European directive WEEE not concerned after the standards Safety	Material	Steel
Depth of installed product 600 mm Height of installed product 9900 mm Width of installed product 900 mm Accessories included Type of accessory Protection cove Equipment Pre-stamping no Number of connector holes Standards European directive WEEE not concerned Safety	Type of surface treatment	powder-coated
Height of installed product 900 mm Accessories included Type of accessory Protection cover Equipment Pre-stamping no Number of connector holes Standards European directive WEEE not concerned.	Dimensions	
Width of installed product 900 mm Accessories included Type of accessory Protection cover Equipment Pre-stamping no Number of connector holes Standards European directive WEEE not concerned Safety	Depth of installed product	600 mm
Accessories included Type of accessory Protection covered Equipment Pre-stamping Number of connector holes Standards European directive WEEE not concerned Safety	Height of installed product	18 mm
Type of accessory Protection covered Equipment Pre-stamping no Number of connector holes Standards European directive WEEE not concerned Safety	Width of installed product	900 mm
Equipment Pre-stamping Number of connector holes Standards European directive WEEE not concerned Safety	Accessories included	
Pre-stamping no Number of connector holes Standards European directive WEEE not concerned Safety	Type of accessory	Protection cover
Number of connector holes Standards European directive WEEE not concerned Safety	Equipment	
Standards European directive WEEE not concerned Safety	Pre-stamping	no
European directive WEEE not concerned Safety	Number of connector holes	5
Safety	Standards	
•	European directive WEEE	not concerned
