

stylea
wiring accessories

Dear Friends and Partners,

We are pleased to present the stylea brochure.

Hager stands for sustainability and our E3 Initiative is an excellent example of this. Fully aware of our responsibility to both society and the environment, we are proud to make a contribution to the better use of the limited available resources. It is a belief that plays a vital role in all our new developments. The three Es, by the way, stand for the categories of "ethics, environment and eco-efficiency". And behind each category there is an actual catalogue of measures to which Hager is expressly committed, measures including: the United Nations Global Compact initiative, which the Hager Group joined in 2007; and the environmental standard ISO 14000, to which most of our sites are already certified to. In this respect, ecological development and production technologies are given as much careful consideration as to the products themselves that make a contribution to make better use of the resource electricity.

Innovation, customer proximity, simplicity and reliability are the very basis of the Hager brand. We keep in close contact with our customers, regularly surveying their wishes and needs before incorporating that feedback into the development of our new systems. The same applies to this brochure which we have designed for you as a practical tool. Why not have a browse and find out for yourself?

Best regards

Daniel Hager

Warranty:

A warranty period of 10 years* is offered on Hager products, from date of manufacture, relating to any material or manufacturing defect.

The warranty is withdrawn if:

After inspection by Hager quality control department the device is found to have been installed in a manner which is contrary to IEE wiring regulations and accepted practice within the industry at the time of installation.

Warranty does not include damages or scratches caused due to inappropriate cleaning or use of any abrasive material.

An explanation of defect must be included when returning the goods.

* Excludes electronic products, which have a warranty of 2 years.
