tebis KNX, the home automation

Enjoy the best lighting level without having to think about it.

Do not have to stand up to get your shutters closed.

Never mind about a lamp left on in the staircase.

Choose the atmosphere to make the moments even more beautiful...

... manage your comfort with your fingertips, or
let tebis KNX do it for you.

tebis KNX

intuitive

home automation

Ease your daily life

“ do not need to stand up to
turn the light on...

keep everything on hand to have
control whenever we want ”

➔ tebis KNX home automation, your facility factor

Enjoy every moment

“ create an atmosphere just by
brushing a switch...

give priority to your friends
without worrying about technology ”

➔ tebis home automation, your personal scenographer

Sleep peacefully

Prepare your home to spend a good night... Softly fall asleep without wondering if everything is turned off.

- 
- ☑ Lights off
 - ☑ Shutters down
 - ☑ Heating in eco mode

tebis KNX

eco-friendly

home automation

Understand to act

“ visualize your energy consumption
room by room, device by device

optimize your consumption
to use only what is necessary ”

➔ tebis KNX home automation, your financial director

Be sure everything is OK

- ✓ Shut
- ✓ TV o
- ✓ Hi-F
- ✓ Hea
- eco
- ✓ Alar
- ✓ Ligh

Centralize all the functions on one single switch... Turn all the lights off, shut the shutters down and set the heating to eco mode without look around the house.

serene

home automation

A close-up photograph of a hand with bright pink nail polish holding a silver and black car remote control. The hand is positioned in the lower right foreground. The background is a blurred interior of a car, showing the dashboard and steering wheel area. The lighting is soft, highlighting the hand and the remote.

Leave your mind at ease

Close the garage door and turn the alarm on from one single button...
Be sure that your home is safe and doesn't waste any energy.

- 
- A close-up photograph of a person's hand holding a car key fob. The hand is positioned in the lower-left foreground, with the thumb and index finger gripping the fob. The background shows the interior of a car, including the steering wheel and dashboard, with a view of a green outdoor area through the windshield. Overlaid on the right side of the image is a checklist with three items, each preceded by a checkmark icon.
- ☒ Alarm enabled
 - ☒ Garage door closed
 - ☒ Heating in economy mode

Berker by Hager KNX when technology meets design

There are devices showing more than they can actually do.

And there are multi-talented devices, hiding their technical perfection and their user-friendly functionality behind an unnoticed surface.

Berker KNX systems belong to the latest category. What's more, you can mix them and swap them easily at any time.

KNX-Touch Sensor

Berker Comfort Pushbutton

TS Sensor feather touch

With the new Berker TS sensor you can experience a whole new world of switching. A gentle touch of the finger on its glass surface is all it takes to operate lights, blinds, shutters and much more.

Sensor controlled switching becomes a haptic experience par excellence.

MADE WITH
SWAROVSKI
ELEMENTS

TS

TS Crystal Ball

TS, TS Crystal & TS Crystal Ball **designer's choice**

It has inspired awe and desire for thousands of years. Designers prize it as one of the most fascinating substance known to man.

Berker now presents an extraordinary switch made from an exquisite material : Swarovski Elements crystal.

Berker Manufacture

Real one-offs

More and more people are following the trend of not following a trend. For these people there is Berker Manufacture. This is where we create switches that are a real blend of high-tech and handcraft, and that are utterly unique. We often design items together with architects and planners for a very particular property or for a special project.

domovea, the dashboard of your home

Equipped with new functions such as Sequence and Remote access, domovea gives you easy control of your home through software control and user friendly visualisation.

“App to date”

The new domovea, iPhone & iPad App can be downloaded from the Apple App Store. It allows local operation via the house network, as well as external control via the Internet. The domovea application is also available for Android phones on Android Market.

Comfort at your fingertips

The quality of a home automation system is judged primarily by the benefits it brings to its users. In terms of comfort, offering several solutions to control the home automation functionality of a house is an asset. Stay connected with your home when you are outside.

Your media centre for audio and video

Mutualize and control your multimedia devices from a single point: manage your home cinema installation, music and radio from any source (DVD, hi-fi, tuner, computer...). With appropriate KNX gateway, you can display and control the sound you like in the whole house.

A window in your home...

Ergonomics and design were well thought of in domovea to help you control your home automation system. Launch of sequences any time from anywhere enables you to control your home even being not at home.

Via secure portal of www.domovea.com you can turn off lights remained lit or you can view different locations of your home through IP cameras. You can trigger a predefined schedule at predefined time or at your wish.

tebis KNX in your home

1

Lights

Enjoy the best lighting comfort with tebis KNX! Set up a warm and sophisticated ambience from a single switch or make sure you don't forget any light on when you are leaving... And select the switch which will highlight your interior design from a wide choice of different colours, surfaces and materials.
tebis KNX, your personal designer!

2

Shutters

Close all shutters upstairs or define the best inclination of the blinds... Smart automation provides easy control of all your shutters from any point, be it a switch on the wall, a tablet or a remote control.
tebis KNX, your facility factor!

3

Heating & AC

Manage heating and AC intuitively for each single room or for larger areas, program the most comfortable temperature for your habits and switch easily from comfort mode to economy... Thanks to home automation, you no longer need to choose between comfort and savings.
tebis KNX, your energy manager!

4

Alarm

Keep contact with your home, anytime, anywhere. Get instant alerts by email for technical or intrusion alarm and check directly the video camera from your mobile. Control your home from any device through internet and activate presence simulation whenever you need it.
